

# GREENHOUSE AND GROUNDS

Five and one-half acres of beautifully manicured grounds and gardens create a serene atmosphere at the Frick Art & Historical Center. Explore the wide variety of flowers and plants as well as different styles of gardening on site. From distinctive corporate functions to a romantic wedding, best birthday bash or anniversary celebration, the Frick grounds are a wonder-filled place to hold your event beneath a tent on the lawn. The Greenhouse, rebuilt in 1990, retains the elegant domed silhouette of the original structure designed by Alden and Harlow in 1897. Seen from the Great Lawn at Clayton, the Greenhouse lit at night is a wondrous image as the moon rises above it. Everywhere you turn, you'll find an endless array of magnificent backdrops — perfect for a bridal portrait or any lasting memory!
