

WEDDINGS

Congratulations!

This is an exciting time for you as you begin to plan the details of your wedding ceremony and reception. As you know, the choice of where to hold your wedding is one of the most important. The location sets the tone for the day, as well as reflecting your unique personalities and tastes. For elegance and sophistication, the Frick Art & Historical Center offers a variety of distinctive options for your wedding. There is no more beautiful or romantic place to exchange vows than the Frick's unique complex of museums, historic buildings, antique cars, and landscaped grounds. The beautiful rotunda in The Frick Art Museum offers an intimate atmosphere for your

wedding, surrounded by our collection of fine and decorative arts. Or hold your reception including music and dancing in a tented setting on our gracious grounds, surrounded by beautifully landscaped gardens and towering trees. Whether you choose to hold an intimate or grand reception, the Frick provides an idyllic ambiance for a lifetime of memories—a timeless setting to express your timeless love. In addition, private photography sessions are available on the Frick grounds and inside the Car and Carriage Museum by appointment. What a unique setting for your wedding album memories!
