About The Frick Pittsburgh

Since 1990, The Frick Pittsburgh has welcomed visitors to its 10-acre cultural campus in the heart of Pittsburgh’s East End. Gifted to the people of Pittsburgh by Helen Clay Frick, daughter of noted industrialist and art collector Henry Clay Frick, the campus is home to Clayton, the family’s Gilded Age mansion, now listed on the National Register of Historic Places. The *Gilded, Not Golden* tour of Clayton was honored with a 2024 Leadership in History Award from the American Association for State and Local History.

The campus also includes The Frick Art Museum, the Car and Carriage Museum, a greenhouse, gardens, and welcoming café. Through its permanent collections, traveling exhibitions, historic tours, and public programs, the Frick invites all visitors to experience history and art, reframed for today.
