

# Paper People

You can do this art project at home! All you need are a few supplies, and a lot of creativity. Follow the steps below to make your own paper people.

## Supplies:

- Colorful or patterned paper (Don't have patterned paper? Make your own with white paper and markers!)
- Glue stick
- Scissors
- Tape
- Markers

## Steps:

1. Start with a full sheet of paper. Cut the paper in half.
2. Fold the paper like an accordion until the whole sheet is folded.
3. Fold the folded paper in half, and glue together the middle.
4. Using a slightly smaller piece of paper, fold it like an accordion.
5. Fold the smaller piece of paper in half and glue it to the top of the first folded paper.
6. Your paper person needs a head! Place a piece of tape around the top of the paper. Cut out a round shape from the paper of your choice, and decorate the face. Attach the circle to the tape.
7. Now you need some hair! Fold a small strip of paper around the head, and glue it into place.
